STRALSUND!

STRALSUND!

Class trip: On the 7th of July we went on a class trip to Stralsund. On the 10th of July we came back. The class trip was really fun. Even tho sometimes we had some problems like finding the local supermarket.

The classtrip was very good because of all of the different Tournaments we had like a table tennis tournament, a football tournament, a volleyball tournament and a foosball tournament. Playing all of these sports was very cool.

Our youth hostel had a nice breakfast which included things like bread, vegetables, cheese and egg. For lunch we got a lunchbox. The only thing which we really did not like were the people from the other schools. They randomly started yelling in the night and started to point at us with their flashlights. That was really annoying since we were not able to get our sleep.

One of the only things which was boring about the class trip was the long train ride. To walk from the local bus stop to the youth hostel was not very entertaining either. But overall the classtrip was still really good.
